

## Meeting 2 Notes:

### Usability:

- Target specifically coaches in the U.P.
- Age range 18-50

### Can we simplify the app/web?

- Like the Share option on a smartphone.
- Keep focus on coaches, demographic can be applied to parents as well, so stick with coach as primary user.
- Assume user has smartphone/smart device to upload video.

### Other:

#### Confidential information

- This information could be confidential, Medical data.
- Built in permissions? Does your athlete give permission to provide this information?

## Professionals

- Can we confirm they are professionals?
- Invite only for coaches and professionals/assessors (prototype phase)

Following an assessment, what does an athlete do?

- preventative measures
- link a few to our site

General interaction for coaches

- view/review video
- have coaches categorize videos, folders for years (2017/2018)
