

Team phoenix - Team Contract

Members:

Louis Barea: lnbarea@mtu.edu
Michael Gryzwa: magryzwa@mtu.edu
Miles martin: mrmartin@mtu.edu
Nicholas Muggio: njmuggio@mtu.edu
James Roznick: jsroznic@mtu.edu
Akshara Coomar: acoomar@mtu.edu (grad student)
Shreekant Marwadi: svmarwad@mtu.edu (grad student)

Meeting Times:

We will meet every class period as well as once weekly outside of class from 3 to 5PM on Wednesdays.

Member Expectations:

- Team members are expected to attend all classes and meetings. If a member can't attend a notice should be sent 24 hours in advance unless in the case of a sudden reason. (sick in the morning before class, etc.)
- A agenda/ todo list will be up to date before meeting, maintained on the group google drive.
- Meetings will be every week unless discussed ahead of time and will either be updates or work jams depending on where we are at in development.
- Additional meetings outside of the planned meeting times must be planned and communicated at least 24 hours before the meeting time.
- All messages requiring a quick response will be sent in the google hangouts chat, otherwise emails will suffice. All "distress call" communications will be sent to hangouts to notify the members on their phone.
- Meetings will run until everyone's issue or concern is raised.
- General discussion and voting will be done to resolve decisions.

Grounds for dismissal:

Members will receive written warnings if any of the following should occur:

- 2 instances of no notice 24 hours before or lack of a valid excuse in that 24 hours before a deadline or meeting, including class.

- 3 instances of being 10 minutes or more late without notifying the group chat.
- 2 absences without notice for class.
- 2 instances of missing agreed upon deadlines to submit work to the team.

Technical Lead: Michael Gryzwa

Date:1/17/17

Product Owner: Louis Barea

Date:1/17/17

Team Vision Statement:

Our Team vision is to design a beach monitoring app that is intuitive enough that the student interns can use the app without any training. It will also be designed in way to offer any help needed along the way.
