

Scientist Meeting Notes
Team 5 - Traffic Counters
April 10, 2018, 5-6PM, Dillman 301j

Team members present:

- Richy Carpenter
- Eamonn Daley
- Noah de Longpre'
- Joe Mayrose
- Connor Przybyla
- Dustin Rens
- Qu Shuhao

Events:

1. Began meeting by demonstrating our most recent update of the web application.
2. Ran into scaling issues on iOS while in the main view of the application.
3. Confirmed that the csv file format was correct.
4. Developers asked a question regarding session duration. This brought up the concern to the scientist that our duration times were incorrect. This was a simple fix.
5. To summarize, the scientist was satisfied with our interface design after demonstration.

Concerns:

- The only concern is resolving the scaling issue before usability testing.
