Discussion and Decisions:

Eamonn will no longer be the Technical Lead due to an inability to attend meetings.

Connor will be replacing him

Our website will be a throwback style for entertainment.

Connor will be emailing the SME for a meeting 1/31

Updates occurred to our website. Minutes and personas were added, more documents will be added as they are finished.

SME meeting will be to confirm technical aspects about data required and collection. Also to possibly be shown other apps that do similar things.

Specifics:

.csv format and what data points are required (time, number, type, etc)
