February 17th 2020, 10:00 A.M.-11:00 A.M.

Location: Walker 318

– Professors –

Robert Pastel, Karla Kitalong

– Attendance –

Ryan Ader, Ruoxi Tian, Rebecca Barkdoll, Evan Monko

– Discussion Items –

- Tell the scientists that we have the website
 - We need to start coding soon and main goal is refine the searching algorithm/method
 - JQuery: Dr. Pastel suggested this tool
 - Ask Don and Sarah if jQuery is something appropriate to use when we have the next meeting
 - Look at more shopping sites
 - Ask the scientists if the files from last year have had any major changes
 - Tutorial instruction
 - Pop up instruction (for people don't want to watch videos)
 - Tutorial videos
 - Start and end programming
 - Start as soon as we can
 - End before usability testing week (Apr. 14)
-
