

1. Hunter mistook name entry box for typing out name instead of text field.
2. Was a little confused on where to answer reasons.
3. She did not input reasons one by one
4. Adapted for the solutions step and entered one by one
5. Had issues clicking on the bottom part of the page
6. Enjoyed the overall layout of the page
7. Hunter was confused on the instructions and what the plan was
8. She also had issues finding the timer at the top of the page.
9. Instructions have a lot of text felt like she didn't have time to read them on her own.
10. More straightforward after being a team member
11. Facilitator notes were helpful
12. However Hunter would lose her place in the notes because they were too wordy.
