

Notes:

Facilitator:

- Difficulty figuring out how to start
- Said modal was helpful
- Difficulty understanding the discussion phase
- Not understanding the facilitator message box
- Couldn't find timer easily
- Facilitator instructions need to be with the other instructions
- Did better than some facilitators on consolidation but missed asking in a circle
- Revise step is weird and facilitator doesn't know what to do.

Team:

- Understanding steps more easily as team member
- Typing in the wrong box for consolidation
- Suggests that 'reasons' box not be changeable after the step it is used
