

Hierarchical Task Analysis

- Understand Infectious Diseases (0)
 - Run Simulation (1)
 - User Logs in to Website (1.1)
 - User selects Default Parameters (1.1.1)
 - See hierarchy under 1.1.2
 - User selects custom Parameters (1.1.2)
 - User chooses manual control of player (1.1.2.1)
 - User runs simulation via “Launch Simulation” button (1.1.2.1.1)
 - User controls a playable character throughout simulation (1.1.2.1.1.1)
 - Simulation ends displaying data about the infectious disease spread (1.1.2.1.1.1.1)
 - User chooses automatic control of player (1.1.2.2)
 - User runs simulation via “Launch Simulation” button (1.1.2.2.1)
 - Simulation ends displaying data about the infectious disease spread (1.1.2.2.1.1)
