

2/11/2021, 12:20 - :00 pm meeting. Attempted scientist Meeting, Zoom Meeting, Streamers.

Attempted Post Cognitive Walkthrough Meeting.

Action:

Talk to scientist to see What they think about the Cognitive Walkthrough
SCIENTIST UNABLE TO COME TO MEETING
We were informed at the last minute
Meeting transitioned into a work meeting to talk about the project

Decisions:

Web dev talks about what frameworks, data talks, how are we going to store data locally on users devices.
Decide on what tools we want to use for the dev of the app.
Set up a meeting later to collectively walkthrough some of the options, (react, view, ect)
Cell service, do we want to let users pick up where they leave off if they close or leave the app.
Get the scientist to tell us WhenIsGood, so that we can actually schedule a meeting for next week.

Attendance:

Present:

Emma, Mike, Luke, Zong

Absent:

Jason (Excused)

Next Step:

Team 6 Presentation Review, Meeting later to discuss tech options.
