Meeting Minutes February 12th

Team Name: Fire Watch
Meeting Number: 5
Date: February 12th, 2024 **Time:** 5 PM EST **Duration:** 60 Minutes
Location: Zoom
Attendance:

Cami Maynard	Jyoti Suhag	Atharva Kadam
Jacob Strome		

Action Items:
- Go over the cognitive walkthrough.
- Discuss different design options.
- Go over questions discussed in the last meeting.
- Go over new questions that have come up.

Discussions:
- Went over the cognitive walkthrough with the scientists.
- Discussed the Prototype Versions 1 and 2.
- Went over questions from the previous meeting.
- Discussed the application being a web application or the possibility of an android application.
- Went through some new questions that the group came up with.
- Confirmed that we will have a login and that we need to discuss the centralized database more with pastel.
- Went over the database and how we will be making our own for this application to upload data to.

Next Steps:
- Type up Post-Interview Notes.
- Make another prototype based on the scientist's notes of our cognitive walkthrough prototype.
- Update our team website.
- Fix the styling of our team website.
- Upload the meeting minutes to the team website.
- Talk with Pastel about the centralized database for the login.
- Talk with Pastel about having no internet connection for the web application.
- Talk with pastel about how an admin could work.
