

## CS4411 Program 2 Grade Report

<i>Items</i>		<i>%</i>	<i>Equiv. Points</i>	<i>Deduction</i>
General	Bad comments	-30	-21	
	Missing header	-30	-21	
	Missing README	-50	-35	
	Poorly written README	-50	-35	
	Not compile	-100	-70	
	Compile, not run	-50	-35	
Specification	Incorrect thread structure <sup>1</sup>	-100	-70	
	Not all threads run concurrently <sup>2</sup>	-50	-35	
	Has race condition, 10% each	-10	-7	
	Has busy waiting, 10% each	-10	-7	
	Has deadlock, 10% each	-10	-7	
Running	Program runs incorrectly <sup>3</sup>	-50	-35	
<b>Total Deduction</b>				
<b>You Received</b>				

1. The Santa, each elf and each reindeer corresponds to a thread. No other threads can be created.
2. Should aim for maximum parallelism.
3. Anything that is not implemented correctly is in this category. See the assignment specification for the details.
