Design Changes

Add category of user to submission form.

Add labels to the numbers, so users know the meaning.

Add help section with "How to report," "How to view recent reports," and explanation of the rating system.

Make help section accessible from any page, i.e. add help to navbar

Explain rating system on submission page.

Create way for admin to remove invalid ratings / bad data.

Provide way of viewing historic data. i.e. Data from the same time last year.
