Charles Vidro	Present	No
Eva Muller	Present (virtual)	No
Ian Lawrie	Present	No
Tom Berg	Present	No

Minutes:

- Discussion of possibility of using react-three-fiber
 - This would allow a more seamless integration between Three.js and React
- August brought up the possibility of using certain technologies (React/Redux)
 - This prompts further discussion about why we should use these technologies
 - Charles mentions that newer versions of React can replace Redux
- Motion to complete questions for the pre-interview document
 - The team worked semi-asynchronously drafting questions then approving them with the rest of the team
- Motion to decide whether to use React Three Fiber
 - All in favor
- Motion to develop project management standards (e.g. Agile, specific tools)
 - Decision to use GitHub projects for task management

- Utilizing weekly sprints
 - Twice per week stand-up meeting
 - Weekly sprints where we complete tasks from a sprint backlog prior to starting
- Further discussion about using Redux
 - Decision for now that it is not necessary (React covers the desired functionality)
- Fixed linux permissions for our classdb directory

Action Items:

- Study React Three Fiber
- Prepare for second interview by reviewing the Pre-interview Notes

Discussion Topics

- react-three-fiber
